
2: Project Charter & OneNote

ECE 403: Homework #2

One report per group

Project Charter

Specify

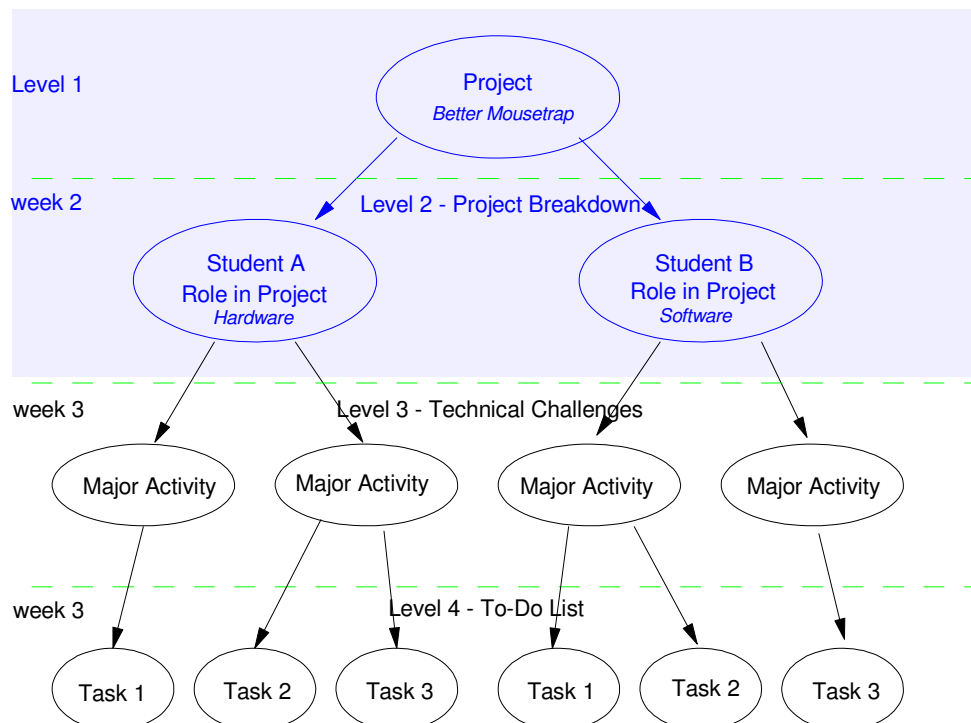

- The deliverables for the project
- The key elements for the project
- How much time is allocated for the project (two semesters), and
- Your budget (usually \$300)

Work Breakdown Structure

Split your project into N sections: one section per student.

Define the role of each student on your project.

Document this in a OneNote document

Work Breakdown Structure for Senior Design

One-Note

- Create a OneNote document that everyone in your group will be using
- Share the link to this document with Jeff Erickson and Jake Glower
- Split your OneNote document into sections with pages within some of the sections
- Explain what each person's role will be in your project

Note: Make sure each section has enough content that each person can get an A in ECE 403

- Four ECE concepts can be applied to each section, and
- Two ECE tools can be applied to each section
